Local Man Involved In 4-Car Crash

A Lemon Grove man's car sustained damage in a four-car spectacular crash that killed a La Mesa man and sent a San Diego man to the hospital with multiple injuries Friday afternoon.

John W. Pickering, 41, of 1341 69th st., Lemon Grove, was traveling westbound on Highway 94 near the 47th st. overpass when the accident occurred. His van was struck by a piece of guardrail, causing moderate damage. He was not injured.

The crash, apparently caused when 82-year old William T. Haman, of La Mesa, took too wide a turn going onto the overpass, striking the curb and careening through the side of the bridge down onto the freeway, crushing a station wagon.

The station wagon, driven by Ben Link, Jr., of San Diego, was totally demolished. The roof of the car was squashed to seat level or farther at every point except one — where the driver was located, according to a spokesman for the San Diego Police Department.

Link, who was alone in his vehicle, was reported in satisfactory condition at Hillside Hospital, where he was treated for multiple cuts to the head, as well as a possible concussion and broken left foot.

Karen Segawa Wins Honors At Speech Contest

Karen Segawa, Mt. Miguel High School senior, was winner of the 41st Annual District Five High School Speech Contest held March 24 at the Kona Kai Club.

Speaking on the bussing issue, a topic assigned to her only one-half hour prior to delivery, Miss Segawa was presented the winners trophy by the visiting Toastmasters International President Russell G. Herron.

The event featured also a contest of student deliveries in Spanish. Winner of this event was Coral MacFarland of Castle Park High School, also a senior. Second place winners were Gail Ruetten, of Patrick Henry High and Jose Luis Gonzales Padilla of Tijuana in the English and Spanish contests respectively.

Because of Miss Segawa's effort, Mt. Miguel High School was presented the Gordon Clark Chamberlin Perpetual Trophy.

Sups Delay CPO Funds

SAN DIEGO (CNA) — County supervisors on Tuesday confirmed a new county policy of closer scrutiny of aid applications of the Comprehensive Planning Organization.

They held up a resolution of approval of a CPO application that would have obligated the county for $120,000 in matching funds.

Chief Administrative Officer Fred J. Morey said that he could not recommend approval of the application in its present form — a form that does not even mention the County of San Diego.

CPO Executive Director Richard Huff who has been on the other side of the fence from Morey, although a county employee, says that the deadline for the request is Saturday, April 1.

However, William A. Cravan, the county's delegate to the city-county CPO said that he had checked with the Department of Housing and Urban Development in Los Angeles.

He said the April 1 deadline is an administrative one that is not firm (as Huff claimed).

Carlen Seated as New President At Annual Chamber Installation

Two-term president Bob Russell handed his gavel over to Mike Carlen Saturday night to highlight the annual Lemon Grove Chamber of Commerce installation banquet at the Lemon Grove VFW Hall.

Carlen, who operates Lemon Grove Rexall Drugs, led a slate of officers which also includes Don Minnick, local contractor, as vice president, Al Woods as treasurer, and Gary Sweet as secretary.

Frank Shughrue was installing officer for the evening and new directors seated were Dick Canfield, Joe Davey, Bob Guest, Dr. Jerry Legerton, Jim Thomas, Joyce Foss, and Frenchy Faucher.

Holdover directors are Jim Boyd, Rosemary Johnston, Wally Knutson, Louise Warren, James Dorman, Frank Shughrue, Dr. Sam Smith, and Ed Loop.

Festivities got underway at 6:30 p.m. with a no-host cocktail hour and two local celebrities, Bob Mills and Jim Hill, on hand. Mills is star of KOGO-TV's "Dialing For Dollars", and Hill is a sportscaster for KOGO and star free safety of the San Diego Chargers.

Prior to dinner, Mills and Hill met with members of the chamber and others in attendance at the cocktail hour.

Dinner, consisting of roast beef, stuffed breast of chicken, as well as choice of vegetables, salad, and dessert, was catered by Jae's Catering Service of Lemon Grove.

Following dinner, which included entertainment by Oscar Amezcua's mariachi band, installation ceremonies got underway and awards were presented.

A special award was given to Joyce Foss, who recently retired from her long-held position of office manager for the chamber. The new office manager is Mrs. Helen Myers.

A most enjoyable portion of the evening was the drawing for door prizes, led by George Tonner. Supervisor Henry Boney, who attended the affair with his wife, helped with the drawing.

George Fickas, local businessman, was master of ceremonies for the festivities, and Dick Huff, executive director of San Diego's Comprehensive Planning Organization, addressed the crowd.

The banquet realized a profit of over $200 for the CoC.

'Big Name' Star Promised For Old Time Days

One of the "great surprises" of the year will be the Grand Marshal of the Old Time Days Parade scheduled in Lemon Grove May 14, according to George Tonner, parade chairman.

"The marshal is a celebrated movie, teevee, radio, stage and night club star whom everyone will recognize as soon as the name is revealed," Tonner said.

"I have a signed letter by which he has agreed to serve. He requested that his name not be revealed until his public relations firm supplies material for publication. I must respect this request," Tonner said.

Tonner also noted that the performer is a genuine star—ranking with such other famous names as Bing Crosby, Dean Martin, Rowan and Martin and Red Skelton. "However, it is none of these," he added.

Byron Netzley, retiring school district superintendent is Honorary Grand Marshal.

Lemon Grove merchants will celebrate Old Time Days May 11, 12 and 13 with the parade on the 14, Mothers Day.

According to a report from the department, fireman David Walstencroft, 33, of 223 Lakeview dr., was one of the crew on a single engine while the exercise was in progress. Suddenly a 2¾-inch hose came loose from its coupling, knocking the fireman some 20 feet.

Ernest Arroyo, 20, was arrested on Feb. 3 after the girl complained she had been forced into an auto and then driven back to her home on

The DIMMER VIEW

You Don't Have to Leave It

Many people with a rational approach to our country's problems have long been rankled by bumper stickers reading "America—love it or leave it."

This implies that all who criticize government policies are disloyal. It also suggests that it is not possible to love the United States of America if you have a disagreement with one or more of their policies. Both philosophies are wrong.

All of us have lived with ridiculous policies that have been espoused by nitwit legislators. We have likewise seen senile Supreme Court Judges give wacky interpretations to the Constitution so that it benefits the criminal instead of the aggrieved. This is wrong. Even some of the criminals are in ready agreement with the idea that it is less costly to be guilty of crime than it is to be a victim.

But "Love it or leave it" is something else. It would deny the critic his right—the right to change his country—as the small band did when it decided to form the greatest modern document ever written—the Constitution.

Another widely accepted piece of writing—your dictionary—defines "love" as affection based on admiration; a warm attachment, enthusiasm, or devotion; unselfish concern that freely accepts another in loyalty and seeks for his good. Or as a verb transitive, to hold dear, cherish; to feel devotion toward.

Even the most loving couples have disagreements about many things. This does not engender hate. Rather it brings about additional respect and admiration.

There is nothing here to suggest that one cannot disagree, perhaps vigorously, with government policies or programs or politicians and still love his country. Indeed, one of the main reasons one disagrees with a given policy is because he loves his country.

The antonym or word of opposite meaning to love, is hate; to have a strong aversion to; to detest; to feel extreme enmity or active hostility. There can be no question but that the small militant minority of Marxist-Leninists and fellow travelers have made their hatred toward the United States perfectly clear. They have burned, spat upon, tore and otherwise desecrated our flag in acts that were obviously due to hate and contempt for everything the flag stands for.

Hatemongers all. Who needs them?

It is with these thoughts that we recommend a change in the bumper stickers. Let's make 'em read: "Hate America? Then Leave It!"

'Feeling of Manipulation'

County Report On Goals Draws Fire From LG Planning Assn.

A somewhat slim turnout, a change in bylaws, and discussion of differences in goals marked the general membership meeting of the Lemon Grove Planning Association last Thursday evening.

The first item considered by the membership was a change in the bylaws, dropping a one-dollar fee for dues and clarifying who was eligible to vote. About 50 residents attended.

It was determined that any person attending a meeting and signing the register as a member, would qualify as a voting member of the association at future meetings. The county notifies all who have signed the register of a general membership meeting, so the definition of a member is anybody who has been notified by the county of an approaching meeting.

The one-dollar fee for dues, which was previously the basis for membership, is not legal, and therefore was dropped as a requirement for membership, although donations to the association are welcome, as the association does incur some costs which are not covered by the county.

With the bylaws problem out of the way, the membership turned to the problem of adoption of goals.

The county sent a 12-page report on goals to the meeting, but violent disagreement greeted the report from several of the subcommittee members, who noted that the county, in presenting the goals, had changed the language too extensively.

The goals, as re-written by the county, brought a particularly violent reaction from Ben Ela, chairman of the residential subcommittee. Ela noted that the residential goals have not even been adopted by the association's executive committee, and are not ready for consideration by the general membership.

Association chairman James Dorman admitted that he was surprised that the county had made changes and indicated that he thought that the county's role was to suggest changes, which could be made by the local planners or rejected.

One executive committee member declared that he had "a definite feeling of manipulation", and another indicated that the report was a "serious over-stepping of their role in their responsibility to us."

Al Woods, of the Industrial and Commercial subcommittee, complained that some of the goals listed by the county "were not and had never been discussed in any subcommittee meeting" and that some of the goals which had been accepted by the executive committee were completely missing from the report.

After things settled down, subcommittee chairmen gave their own reports on goals to the general membership, which received many of the reports favorably.

According to Dorman, the association will now work on adopting the goals of the last two subcommittees, those on residential development and environmental impact.

After adoption of all goals, the county will receive them for screening by various special districts and suggested changes will be noted where they are needed.

Goals will then be considered by the executive committee and revisions made where necessary.

L.G. Fire Report

The Lemon Grove Fire Department, for the week of March 20-27, answered five fire calls and two rescue calls.

Two of the fire calls involved vehciles: On March 20, an L and M Disposal truck was damaged in the amount of $100, due to hot oil on the engine; and on March 23, a car, belonging to Dan Cowen of Spring Valley, was damaged in the amount of $15, at 2614 Washington st., due to a backfire.

Traffic Problems To Be Eased Says Retired CoC Head

It was Bob Russell's "swan song" after "two, long, hard years" as president of the Lemon Grove Chamber of Commerce.

He spelled out a list of activities that the new officers would face — beginning this week. The monthly meeting on Thursday would be followed by the installation of new officers on Saturday. (See installation story elsewhere in this issue).

One comforting report was that the lease on the Chamber's office at 3415 Imperial had been renewed at a $50 a month rental fee.

He also took reports on the Old Time Days projects slated for May 11-14.

He also told the board about a joint effort of four local service clubs in connection with road improvements which will be under construction in Lemon Grove during the last part of this year and early next year.

The Costa Bella freeway exit, which will serve as the main entrance to the town, will be under construction late this year or early in 1973, Russell said, and will be designed to carry 30,000 cars daily.

On Wednesday, however, the state Public Works Department announced a year's delay in the $1.58 million project due to shortage of funds.

Additionally, Broadway improvements, including level-

Property Tax Payments Due

For those who have forgotten — or simply haven't had the money on hand, this is a reminder that County Property Taxes are due April 10.

James Jones, County Tax Collector, said $118 million in taxes are still unpaid as March ends.

He warned that some people confuse the last day for paying Federal and State income taxes with the county's earlier date. A six per cent plus $3 a parcel penalty is added to the county bill at the close of business April 10. Mail postmarked after the 10th will be returned to the taxpayer.

Owners who have lost or do not receive their bills should call 234-8813, extension 331 for a replacement bill in time to get it back prior to the deadline.

Mrs. Lemmer Takes New Post After 24 Years Of Teaching

Mrs. Margaret L. Lemmer, an English teacher at Lemon Grove Junior High, assumes a new position with the California Teachers Association this week. She was recently appointed by the CTA Board of Directors to serve as Administrative Assistant to the CTA Executive Secretary.

The Lemon Grove School Board reluctantly accepted her resignation Monday evening, noting that she has taught in this district nearly a quarter of a century. Approximately 3000 students have attended her classes at the departmentalized junior high during her 24 years in the Lemon Grove district.

For two years prior to this one, Mrs. Lemmer was on leave while serving as president of the CTA, a statewide organization representing approximately 170,000 educators. In addition to this post, she has served as president of the San Diego County Teachers Association, as president of the former CTA-Southern Section, and as State Legislation Chairman for CTA.

Active in school work, Mrs. Lemmer has held many PTA offices in addition to CTA affiliations. For the past fifteen years, she has worked as a publications coordinator for

Lemon Grove School District as well as teaching three to four classes daily. For several years she sponsored both the school newspaper and the school yearbook.

A native of Pennsylvania, she came to Lemon Grove in 1948 as a seventh grade teacher. Her husband, Jack Lemmer, currently teaches English at Palm Junior High here. Although her office will be in Burlingame near San Francisco, the Lemmers plan to maintain their residence in the West Point Loma area.

Mrs. Lemmer said she plans to continue her work for public education in her new role.

In other action at the board meeting Monday night, trustees approved a leave of absence for Joan Wittrock, who will be working with a team of writers preparing a county schools math guide.

Miss Wittrock, who has been working with the math guide for several years, will leave school for four days, with the cost of a substitute teacher to be paid by the county.

Trustees also approved the 1972 summer school program and appointed Harold Ball and James Justeson as principals for the session.

Two reports of note were presented to the board. They were on the upcoming unification election and the proposed Watson Constitutional Amendment.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Language tends to control and limit our thoughts. The way we view things may be controlled by the limiting words and expressions of a given language. We may even develop preconceived views or ideas simply by the way we are taught to say certain phrases within a given language.

We may best observe "thought controlling phrases" by comparing the way we express an idea in one language with the way the same general idea is presentel in another language. For example, we may say "Tengo treinta anos." in Spanish which literally means "I have thirty years." This expression tends to control one's concept of thinking about age. More specifically, one "has years" as if years might be a possession in the Spanish speaking world.

"El tiene trienta anos." (He has thirty yeears.) might also be converted to English and suggest "He is thirty years old." As you can see, one "is" so many years "old" in English. The contrast in Spanish suggests that one "has" a specific number of years without limiting the idea to or suggesting that one is "old." This seems to indicate that we are taught and subsequently controlled by the words we use in English to always associate age with being "old."

"Es usted casado?" (Are you married?) is another example of a built-in controlling or limited factor in the words of a language. This question must be directed to a man. "Es usted casada?" (Are you married?) is the way we might ask a woman the same question. "Casado" (married) is limited to describing a man. "Casada" (married) is limited to describing a woman.. Thus in Spanish we are "masculine" and "feminine" conscious and we use a different word (one that ends in "0") to describe a man and another word (one that ends in "a") to describe a woman. In English we are not as "masculine" and "feminine" conscious, and in this case, use the same word, "married," to describe both men and women.

Practice phrases listed below are for your continued learning pleasure. You may receive assistance in pronouncing these phrases when you dial 276-2762 on your telephone. A recorded voice will answer and lead you in the pronunciation.

GOALIES — San Diego Gull goalie Ken Broderick shows Lisa Burkholder where he works. Lisa and Ken are spotlighted for helping the Easter Seal campaign achieve its local goal. As the two publicized the need for seal sales, the Gulls will host Portland at the Sports Arena tomorrow at 8 p.m. in a battle for playoff position. The Gulls are slightly ahead of the Bucharoos and the Friday game is crucial. There is only one more game in San Diego this season — except the playoffs.

Membership Drive To Aid Old Globe

The Old Globe Theatre is running a campaign for new members. The annual drive is aimed at attracting needed financial support for the theatre as well as public interest in the theatre's activities, according to Lowell Davies, president of the Globe's Board of Directors.

"Although this winter season's attendance has set records, the production costs have been steadily climbing," Davies said. "These increased costs along with higher general operating expenses cause the theatre to rely to an even greater extent on outside contributions."

Basically, extra financial support of the Globe comes from COMBO, National Arts Foundation grants and memberships.

A regular membership in the non-profit organization which helps to support the complex of two theatres in Balboa Park costs $15 and enjoys several benefits.

Memberships can be obtained by sending your name and address and $15 for each membership to the Old Globe Theatre, P.O. Box 2171, San Diego, California 92112. Or memberships can be purchased at the Globe box office. Information is available by calling the Globe at 239-2255, after noon.

Taxpayers are urged to prepare their State personal income tax returns early and to pay the full amount due by this year's April 17 deadline in order to avoid penalties, and to claim the special 20 percent reduction, according to the Franchise Tax Board.

This one-time special reduction will be lost unless payment in full is made before the deadline, and the return is filed on time.

There are no provisions in the law for partial or installment payments and unpaid tax is subject to an immediate five percent penalty plus an additional one percent per month combined penalty and interest.

Mt. Miguel Drops Pair In Grossmont Loop Play

By Paul Stark

The Mt. Miguel High School baseball team opened Grossmont League play last week, but remained in a batting and fielding slump and lost both games.

On Tuesday, the Granite Hills Eagles provided the opposition, which proved to be too much for the Matadors.

The Eagles, working on starter Bob Pannell, sent a dozen batters to the plate in the second inning, picked up four hits and a pair of walks and two Mt. Miguel errors, and tallied seven times.

Pannell finally got out of the inning by getting Joe Roth to look at a third strike.

The Matador bats failed to click in the game, as Eagle Jeff Hester notched the three-hit shutout.

On Friday, the Matador bats came alive with six hits against Grossmont, but the Mt. Miguel fielding again cost the local team its first loop win.

The 'Hillers drew first blood as the ballgame opened when Joe White singled with one out and raced to second base on a wild pitch. Wayne Rhea then hit a blooper to left-center field, which got past Mike Ursillo, who was trying to make a diving catch. White, who was off to third base with the crack of the bat, rounded third as Ursillo missed the ball and was home safely.

Mt. Miguel evened things in the bottom of the frame when Buster Ledesma blooped a double to left field, knocking in Ted Updike.

A pitcher's battle ensued for the next few frames, as Steve Long and Bill Day mowed down opposing batters.

In the fifth inning, however, Mt. Miguel fielding gave the game to the 'Hillers, when Mt. Miguel had Bill Day out three times, but for errors.

The first boo-boo the Matadors made was attributed to catcher Mike Bruner, who allowed a third strike to get away from him, sending batter Day down to first base.

Ted Updike made the second flub, dropping the ball after Steve Long had nailed Day at first base on a pick-off. Day was caught again moments later when Bruner had him picked off second base but John Mumaw forgot to tag him out.

Day scored the winning run of the game when he came home on a triple by Larry Wolfe.

Monarchs Blank El Cajon, 4-0

By Tom Blattler

The Monte Vista Monarch baseball squad, led by the hitting of Steve Smith and Al Salazar, defeated the El Cajon Braves, 4-0 in a Grossmont League game held at the Monte Vista Field.

Smith, a junior rightfielder, raised his batting average with a two for two game, scored once and drove in a run. Salazar, a sophomore leftfielder, went one for two while scoring two runs and driving in one.

El Cajon was led in hitting by first baseman Bryan Files and leftfielder Dave Marabella who each collected two hits.

The star of the game, though, was Monte Vista pitcher Rick Baker, who gained his second win of the year against one defeat. Baker went all seven innings and gave up seven hits while striking out six Brave batters and walking just two.

The shutout lowered Rick's earned run average to 0.33 which is the best in the Grossmont League this season. Baker has completed all three of the contests in which he has pitched, as he has struck out 23 batters, walked seven, and given up 15 hits.

Baker was also one of the hitting stars for Monte Vista, as he was on base three times in three attempts with a triple and two bases on balls, and scored a run.

Swimmers Rip Braves

The Monte Vista Monarch swimming team remained undefeated in the Grossmont League ripping the El Cajon Braves, 62-33, last Friday afternoon at Gunther Pool.

The Monarchs captured seven events, as senior Kirk Peterson scored Monte Vista's only double victory with a win in the 200-yard freestyle in 1:55.3 and a win in the 100-yard butterfly timed in 57.9 seconds.

Committee Presents Award At Meeting Of LG Soroptimists Club

The regular meeting of the Soroptimist Club of Lemon Grove last week was the occasion for presentation of a certificate of appreciation for the month of February from the Stamp Out Crime Committee serving San Diego County.

Mrs. Robert H. Andrews of 7232 Glenflora ave., San Diego, was awarded the certificate by J. A. Hunter of the San Diego Gas and Electric Company, chairman of the committee.

Mrs. Andrews' follow-through on her knowledge of a burglary incident resulted in apprehension of the burglar by police and the return of a considerable amount of stolen goods.

It is the opinion of the committee that break and entry crimes could be reduced considerably if more citizens would act upon their knowledge of criminal activity as did Mrs .Andrews.

SCHOOL RECORD — Mt. Miguel ace high jumper Greg Merriam chipped in five points for his team last week in a losing effort with his new school record leap of 6 feet, four inches. Merriam, who now holds the top mark of the year in the Grossmont League, set the record last Thursday afternoon against the Grossmont Foothillers, who won the meet, 84-52. His best previous effort in his specialty was an even 6 feet. (Vince Broesch photo)

All-Membership Show Set By Art Association

The April program of the Foothills Art Association, following the tradition of recent years, will not include the regular monthly guest artist and one-man-show, according to president Willa Smith.

Instead, an all-membership show will be held, consisting of top works by members of the association. The winner will receive $25 and the "Best of Show" award. First, second and third place awards will be given, as well as five "honorable mentions".

The all-membership show is held annually in April.

The month's program, however, will also include the regularly scheduled meeting, with a demonstration, as well as the regular monthly tea.

The association meeting will be held April 6 at 7:30 p.m. and will feature demonstrator LeRoy Schwenkmeyer, of La Mesa, who will show some of his techniques with charcoal drawings.

Schwenkmeyer, who received his art training in Cinncinati's Art Academy, recently retired from his "Art Services" studio, which he operated for over 40 years in San Diego. The meeting will be held above the Ben Polak Memorial Fine Arts Center, 8053 University ave.

The monthly tea will be held from 2 to 4 p.m. April 9, honoring winners of the membership show. The show will be open from 1 to 5 p.m. each Saturday and Sunday of the month.

PTA HILITES

S.V. Elementary

The Parent-Teachers Association of Spring Valley Elementary School held election of officers for the 1972-73 school year last week at it's regular monthly meeting.

Named as president for the term was Mrs. Bill Breidenstein. Serving as vice presidents will be Mrs. Carl Jacobi and Jerry Mulherin, and secretaries will be Mrs. Peter Sceppe and Mrs. William Hathaway. Other officers include Frank Shughrue, treasurer; Mrs. Ivan Kounter, historian; Sam Tusinger, auditor; and Mrs. G. D. Lindeneau, parliamentarian.

El Cap Spikers Sting Monarchs; Matadors Beaten By Foothillers

Things didn't go so well for Mt. Miguel and Monte Vista track teams last Thursday afternoon, as Mt. Miguel was crushed, 84-52 by the Grossmont Foothillers while Monte Vista fell flat, 98-33 at El Capitan.

At Mt. Miguel, the Foothillers picked up heavy points in the sprints, hurdles, triple jump, and weight events to outpoint the Joe Stubbs-less Matadors.

Mt. Miguel got sterling performances from Gary Trask, who claimed the 440 and the 880, Rick Debus, who missed by inches of winning the two-mile, Greg Merriam, who set a school record in the high jump, and Norm Jiminez, who won the pole vault and took second in the 180-yard low hurdles.

Trask, who is rapidly developing into one of the league's top middle distance runners, won easily in the 440 with a 51.8 time and had even less trouble in the half-mile, winning in 2:00.5.

Debus, filling in for Joe Stubbs as the top two-miler for Mt. Miguel, seemed to have his race won as the gun lap started, but 'Hiller hustler George Pullen came from 15 yards away to nip the tiring Matador by inches at the tape. Both runners were credited with times of 9:33.8.

Greg Merriam, never cleared over 6 feet in the high jump until last week, but his 6-4 effort is a new school record and the top mark in the loop this year. The mark is fourth best in the county.

Jiminez vaulted 12 feet to win the pole vault and finished a close second in the 180-yard low hurdles to help the Matadors' losing cause.

At El Capitan, the Vaqueros, keeping eyes open for a shot at El Cajon for the league title, wasted no time in dealing with the Monarchs.

To get things off on the right foot, Vaquero runners swept the 100 yard dash, the 440, took 1-2 in the 220, and otherwise made the local team look less than impressive. In the field events, the Vaqueros added sweeps in the discus and the long jump.

The only bright spot in an otherwise bleak afternoon for the Monarchy was the sizzling victory of Gary Close in the mile. Close stopped the clocks at 4:25.1, five seconds better than his winning effort a week earlier.

Both Mt. Miguel and Monte Vista will break from league action this week in view of the Easter holidays, but will be back in action April 7.

Norman Ellerbeck was graduated from the American Oil Company Dealer Development Clinic and is operating the American station at Palm & Imperial in Lemon Grove.

During an intensive three-week training session at the Clinic, Ellerbeck studied the latest techniques in station management, car care, lubrication, and all other phases of operating a modern service station.

Ellerbeck has lived in the area 25 years.

Nicholson Wins Off-Road Race

Off-road racer "Nick" Nicholson, of Spring Valley, was winner in the passenger car and pickup truck division of the Mint 400 Del Webb Desert Rally, along with his driving partner Rick Rochmes, of Chula Vista.

They drove a Volkswagen sedan over the gullies, rocks, and talcum-fine sand in the Nevada desert, and were timed in 11.25.08 over the six-lap course.

The local combination represented one of only 78 entries who finished the grueling course, out of a field of 274 machines. Of the top 23 finishers in the competition, all were Volkswagen-powered.

SD Relays to Draw Hurdle Speedsters

Wes Williams, picked by TRACK & FIELD NEWS as a prime Olympic team candidate in the 440 yard intermediate hurdles, will be among the headliners in the 13th Annual San Diego Relays April 8 at Balboa Stadium.

Williams holds the worlds' second best 1971 time of 49.3 seconds but he will face several of his fastest rivals for a spot on the 3-man team.

Among them in the local event will be veteran Ron Whitney and Jim Seymour, Terry Musike, Roger Johnson and James King. Seymour is ranked 6th in the world.

The relays are conducted by the S.D. Track Club.

Nearly three quarters of a million persons have been given "top secret' clearances by the Defense Department.

Kirby's Arm May Set Pace For This Year's Padres

Clay Kirby inspects the digits of the record book and his rationale is almost an examination of the soul.

"Take away the first month and it wouldn't have been bad at all," the 23-year-old strikeout specialists says in a monontonous soliloquy of a script that never changes.

When he views the first four-five weeks of 1971 Kirby seems to be admonishing the fact, much like Lady Macbeth in her "Out, out damned spot."

"I've just made up my mind that I've got to get off to a fast start this season," Kirby says with the conviction of a man pledged to a crusade rather than to a goal.

If Kirby succeeds, and there are grand harbingers that he will, this year could be more than just something to write home about.

Consider if you will the following: It was May 9 last year before Kirby won his first game and he was 0-3 then, finishing 15-13, the most wins ever by a Padre pitcher. His earned run average over the first half of last season was 3.48 with four complete games, over the last half it was 2.25 with nine complete games.

Kirby is confident that the beginning of this season will be no less than an extension of last. And his optimism is based on reasons that are both unique and plausible.

"I have my wife (Susan) with me this spring and that's going to make all the difference," he says. "You know, when we're together, I'm more relaxed. I rest better, I eat better and I keep myself in better shape."

He also will open the 1972 season equipped with a pitch acquired mid-way through last year's tournament. He labels it a "small slider," and others have affixed the term "cut fast ball." Take your pick but the pitch assisted Kirby in striking out 231- fourth highest total in the National League.

"In the past, I've started the season being wild," Kirby reviewed. "But I'm confident this year that I won't have any control problems.

"I've got the confidence in myself I lacked last year. And that "small slider" certainly has helped. I know I can always throw it for a strike when I have to have one."

Already Kirby has started 105 games in the majors, an extraordinary total for a player his age. He is young but so are his confederates, and they often turn toward him for advice.

"Maybe I can be a leader," Kirby said. "But right now I'm not much for words. I mean, I figure the best example I can set is to go out and pitch well."

Candidate for Supervisor Decries 'Government Gluttony' At Atlas Hosted Banquet

It may have been the IT&T influence.

Dr. Gene French, who is seeking the job as supervisor of Henry Boney's second district was amazingly frank.

"I am not the host," he announced to about 200 dinner guests Thursday night at Town & Country's Palais 500. "I am a guest just like you. The host is Terry Brown, president of Atlas Corp." (Atlas owns T&C and P500).

The dinner was a fund-raiser.

Thus, the tempo grows among the 12 candidates for the district that will have no incumbent since Boney is not seeking re-election.

Dr. French, president of the Board of Education-San Diego Unified School District; a syndicated-television minister, and former leader of the Youth For Christ movement set his theme "responsible growth with quality living" and developed it as he touched housing, transportation, incompetent government, ecology, environment and taxes.

He said the proposed third level of goverment (SANCOG) may "become a highly dictatorial glutton of power and taxes."

He suggested that transportation studies are not on the right track. An acceptable mass transit system must be as convenient as the auto; prestigious as the limosine and as inexpensive as the bus.

As an intermediate theme he offered "accountability to the people" while decrying "government tax gluttony."

As a supervisor, French promised to apply a formula against the evolution of bureaucracy. The formula, he said, would be a question applied to each request made of the administration, "Is this request based on convenience or necessities?"

Moynahan Completes Masters Requirements

Michael Moynahan, son of Mr. and Mrs. Francis V. Moynahan, 2001 Berry st., Lemon Grove, has completed requirements for the degree of Master of Science in irrigation and drainage engineering at Utah State University.

He wrote a thesis entitled "The Use of Sprinkler Profiles to Predict Field Performance." He received a bachelor's degree in agricultural engineering in 1969 at California State Polytechnic College.

Bank to Serve As Collection Point For Gas, Electric Bills

San Diego Gas & Electric Company announced that beginning April 15 the Lemon Grove Branch of Southern California First National Bank, 3285 Imperial ave., will serve as the company's collection office in Lemon Grove.

SDG&E will discontinue its own Lemon Grove collection office at the close of business April 14. Since most customer service requests are made by telephone, employees from the collection office will augment the company's phone staff to improve the level of service to the area.

For Lemon Grove area gas and electric customers who prefer to pay their bills in person, office hours at the Lemon Grove Branch of Southern California First National Bank are from 9 a.m. to 8 p.m. Monday, 9 a.m. to 5 p.m. Tuesday through Thursday, and 9 a.m. to 6 p.m. Friday.

The new collection office also offers drive-through window service from 8:30 a.m. to 8 p.m. Monday, 8:30 a.m. to 5:30 p.m. Tuesday through Thursday, and 8:30 a.m. to 6 p.m. Friday.

QUEEN AND CANDIDATE — Cheryl Bolieu, left, and sister Laura, talk about the upcoming Miss Lemon Grove pageant. Cheryl, who entered the Lemon Grove Rotary-sponsored contest last week, is a senior at Mt. Miguel High School. Laura, reigning queen of the town, will hand over her crown to the winner of this year's contest. Applications for the pageant are available at the office of the Lemon Grove Review, the L.G. Chamber of Commerce office, Russell's Plumbing, and Robin Hood Auto Sales.

PORAC Endorses Bill Clements

William D. Clements, candidate for county supervisor in the Second District, has received the endorsement of the San Diego and Imperial County chapter of the Peace Officers Research Assn. of California, Leo Dalton, president, announced.

"Never in local history has PORAC endorsed a man for public office so early in a campaign," Dalton said. "But the leaders of all local law enforcement groups want the community to know about their enthusiasm for Bill Clements. His devotion to serving the people is well known. As a supervisor he will make an honest, imaginative contribution to a greater San Diego County."

Clements, a former sheriff's lieutenant, expressed gratitude to his peer group for their confidence in him.

Now general manager of the San Diego County Deputy Sheriff's Assn., he promised a vigorous campaign on behalf of PORAC, members of organized labor, senior citizens and all voters who believe in government being more responsive to "people needs."

Queen to Represent S.V. In Fairest of Fair Contest

A 17-year-old Mt. Miguel High School senior was selected to reign over Spring Valley during the coming year at a beauty pageant last Wednesday evening at Casa de Oro Elementary School.

Francyne Renee Slagle, daughter of Mr. and Mrs. Harry B. Slagle, of 8811 Kelburn st., Spring Valley, was crowned Miss Spring Valley by retiring Miss Spring Valley Peggy Franklin.

The new queen has brown hair and green eyes, stands 5-4 and weighs 115 pounds. She is a charter member of Job's Daughters and is active in drama and roller skating.

Runner-up in the contest was Miss Debra Jean Holland, 17, daughter of Mr. and Mrs. Gene Holland, of Spring Valley. As runner-up, Miss Holland will be called upon to perform any of the duties of the new queen if Miss Slagle is unable to.

As Miss Spring Valley, Miss Slagle will receive a beautiful full-length evening gown, a one-piece swim suit, a Fairest of the Fair trophy, and two season tickets to the 1972 Southern California Exposition at Del Mar, all compliments of the Exposition.

Additionally, she will be the recipient of a ten-week scholarship in modeling and charm, from the John Powers School; a receptionist-PBX course from American Business College; and a free hair style from Don Vine's Beauty Salon, along with prizes from local merchants.

Additionally as winner of the Spring Valley Rotary-sponsored contest, Miss Slagle is the winner of a scholarship from the Rotary Club.

The new queen will represent Spring Valley in the 27th annual Fairest of the Fair Pageant, which is held each year to select a queen to reign over the Southern California Exposition.

Over 170 Families Aid Youth Center

And fifty more families said yes.

That brings to a total 171 local families who have become subscribers to this newspaper in the interest of aiding the Lemon Grove Youth Center — and the project has just barely started.

The Youth Center, on School lane, has become a haven for troubled youngsters who are in the process of becoming adults. Most of them are in their mid-teens.

Some are dropouts, some are not. Some have been or are now users of dangerous drugs; some are from broken homes. But they all have one thing in common: problems.

According to Dale Woods, director of the Center, many of the youngsters have cut off communication with home and school. At the Center, under the gentle persuasion of the director and his group of college-age counselors, the youngsters are offered an alternative to roaming the streets with its dangers of bringing together other youngsters with little or nothing to do but to explore some of life's tragic offerings.

At the Center youngsters net basketballs, toss baseballs, make items from craft materials, listen to radio and watch teevee. But mostly they "rap". It has become one place they can be heard although the hearing is mostly with each other — and the counselors.

When a resident becomes a subscriber, this is what happens. If the subscription is from one of the Center youngsters, $2.50 is given to the Center for operation. A professional telephone solicitor is also operating. If she makes the sale, 50 cents is given to the Center. Her commission is not only for the sale but for the Center information she has given to each person she calls so that the community may know one of the problem it faces.

This publication has handed the Youth Center Association more than $160 so far. The total does not match the number of subscribers because the funds are not transferred to the Center Association until the subscriber pays. There is usually a couple of weeks delay between the subscription date, the billing, and eventually, the payment.

Sumner To Lead Ballot

Bill Sumner, candidate from La Mesa for the seat of second district supervisor, will appear first on the ballot as the result of a lottery conducted by Registrar of Voters Charles Sexton.

Sumner, who's name was drawn first in the lottery, was responsible for having the lottery after his successful challenge of a 99-year-old election law calling for alphabetical listing of candidates.

Sumner's suit was won March 20 when Superior Court Judge Roscoe Wilkey ruled that the alphabetical listing of candidates was a violation of the Constitutional provision of equal protection of the law.

The order of candidates listed on the June 6 ballot will be:

1) Bill Sumner
2) Gene French
3) Glenn Mitchel
4) Bill Clements
5) Pat Kelly
6) Dick Brown
7) Bob Divine
8) George Stahlman
9) Jerry L. Smith
10) Jack Frost
11) Bill Brown
12) Clifford Walker

Explorer Squadron Opens New Wings

A staff of flight instructors, aviation mechanics, avionics techs. and other aviation personnel has been recruited to service the north and east county areas.

Enrollment is now open for both boys and girls who are 15 years of age or older, or in the ninth grade or above. Membership is limited to twenty scouts in each wing, and is on a first come-first served basis.

Initiation is $15, monthly dues are $5, and flight lessons are $6, including both the airplane and the instructor.

Traffic Problems To Be Eased Says Retired CoC Head

(Continued from Page 1)

ing of the street and installation of medians, curbs, and turn-pockets, will be started January 2, 1973, he said. This project will be started on schedule.

Other road projects scheduled for the future include the construction of Highway 125 from National City to Highway 94 in 1978-80, the extension of College ave. to 69th street in 1974-75, and the realignment of Sweetwater and Broadway to the 94-125 interchange.

Primarily because of the Costa Bella off-ramp project, four local service clubs, the Lions, Kiwanis, Rotary, and Chamber of Commerce, have sent representatives to the newly-formed Lemon Grove Community Betterment Committee, which will have as its first project the beautification of the area where the ramp will be built.

In addition to planting grass, small shrubs, and other plants in the area, the committee will erect a rock base and flag pole with the names of the service clubs and a "Welcome to Lemon Grove" sign.

Additionally, the committee will seek to improve parking areas along Broadway and establish a sweeper service, which would be paid for through service club funds, if approved.

Rape Case Defendant Put On Probation

(Continued from Page 1)

Rancho rd., Spring Valley, where the alleged rape attempt was made.

The probation report stated that the attempted rape in a shed was interrupted by the girl's mother, who hit Arroyo with a pipe wrench.

Arroyo, when he was arrested at his place of employment, told sheriff's deputies that the girl was a willing participant and that he was not attempting to rape her.

Judge Robert Conyers, in putting the young man on three years' probation, ordered him not to be in the presence of a female under 18 years of age except when a responsible adult is there. The judge also said he would reduce the offense to misdemeanor status at the end of 18 months if Arroyo keeps out of trouble.

Meloche Due At Rotary Meeting

Donald L. Meloche, of Alpine, will address the Spring Valley Rotary Club, at the Ox Bow Inn, 9816 Campo rd., Spring Valley, April 28, at noon.

The speaker will be representing the San Diego County Bar Association during its celebration of Law Week, April 24-May 1.

The public service program by the San Diego County Bar Association is a volunteer effort by attorneys and military lawyers under the direction of Law Week Chairman John W. Netterblad and Speakers Committee Chairman Glenn Mitchell.

The subject matter of his talk will be Criminal Law & Procedure.

Local Students Earn Honors

Nine students from Spring Valley and six Lemon Grove students were named to the Grossmont College Dean's Honor List for the fall semester with 4.0 grade point averages.

From Lemon Grove, earning the honor were William Beyer, Peggy Farness, Gayanne Flower, Michael Pennini, Sandra Sjogren, and Edward Zevely.

In addition to those students who earned straight "A's" during the semester, 1,134 students attained a grade point average of 3.0 or "B" to qualify for the honor list.
